The work on state aid road construction, the completing of the town vault, and of repairs on Orford bridge were stopped by order of the War Industries Board in the summer of 1918, in order that all energies of the country might be directed to winning the war.

The statement of the state aid road account is not exactly correct. It appears that there is a time sheet which has not been credited to the town. This information came to the knowledge of the selectmen too late to be rectified and included in this report before printing.

The selectmen wish to thank the taxpayers for the promptness and cheerfulness with which they have paid the unusually heavy taxes of last year. This has enabled the town to pay its bills without hiring as much money as in some years past.

The publication of the annual report has been delayed by the sickness of two members of the board during the first part of February.

## SCHOOLS

The visiting committee of the school board submits the following:

Our report covers four terms of school dating from February 15, 1917, to August 31, 1918, as required by law.

Some of the bills seem very large but when we realize that the bill covers a period of four terms of school, in-

cluding those not presented before Feb. 15, 1917, then we can understand the cause.

During this time eight schools have been in session with fourteen teachers, and about one hundred twenty-five pupils enrolled.

Three hundred eighty-four names appear in the "Visitors' Columns" this year, showing an increased interest in our schools; the visiting committee of the school board has made sixty-nine visits to the schools.

Only two schools have had transportation, Upper Street and Orford Street, which accounts for the greater cost of these two schools, in comparison with the other schools.

### *Teacher's Meetings*

Teachers' meetings are held once in two weeks, which all the teachers are expected to attend. These meetings have been of great help in making the work more uniform throughout the town. At these we discuss teaching methods and any problems which arise, also the topics of the day school diplomas are as follows:

### *Approved Teachers*

Teachers holding either state certificates or normal school diplomas are as follows:

Edith A. Greaves, state certificate.

Christina Bingham, normal diploma.

Bertha Manchester, both.

Margaret Story, normal diploma.

### *Graduations*

Graduating exercises for the town were held in Orford Street school hall on Friday evening, June 15, 1917, the class presenting "A Brave Little Tomboy."

The members of the class:

Maude Chamberlain	Doris Finney
Grace Chase	Guy Finney
Louis Conant	Menta Gardner
Alfred Elliott	Carl Hibbard
Donald McBain	Bradley Morey

Joel Smith

Two graduating exercises were held for the 1918 class, one at the Street on June 14, the other at East Orford July 19.

The class of June 14, consisted of eighth grade pupils in four schools:

5 Orford Street	2 Upper Street
2 Orfordville	1 Indian Pond

These presented the drama, "In the Wake of Paul Revere," at Orford Street school hall Friday evening, to a full house.

The hall was prettily decorated with the school colors, green and white. The pupils did exceedingly well in representing colonial times, showing the result of the past four years' training.

Owing to the illness of our pastor, Rev. C. F. Atkins, the diplomas were presented and an instructive and interesting address to the class given by Rev. Clinton Carvell of Fairlee.

The members of this class:

Robert Carr	Ada Hall
Stewart Clark	Henry Hall
Ruth Cross	Rose Saladino
Evelyn Foote	Herbert Short
Doris Gardner	Horace Wright

The class graduating July 19, held their exercises at East Orford, in the school room; this was their first graduation and neither time nor labor was spared to make the exercises a success. Much credit is due both teacher and pupils. The program consisted of short plays, songs and recitations by the entire school, each member of the class giving an essay. Rev. C. F. Atkins gave an interesting address to the class and presented the diplomas.

The members of this class:

Rufus Chase  
George Chase

Edward Ladd  
Chastina Learned

### *High Schools*

Orford has twenty-one of its young people attending either high school, academy or business college.

The reports which have been received from these schools show that our teachers are doing good work, as our graduates are better fitted to do the work of first year high than those from other schools. The professors have sent many complimentary remarks back to Orford in regard to our preparatory work. One of our pupils passed 100 per cent in his entrance examination in arithmetic, receiving over 90 per cent as an average. The professor giving the entrance exams told that this was the highest rank he had ever given on an entrance examination paper.

### *Books*

During the past three years eight hundred thirty-five books have been purchased for the schools.

Believing pupils can do better work and compete to better advantage with those from other schools, I have purchased modern books consisting of new arithmetics, geographies, food problems, civics, readers, histories, supplementary readers, etc. "Current Events," a weekly paper,

comes annually to each of the schools, helping the pupils to keep in touch with the world events.

Some felt our writing was not quite up to the standard, so the Palmer Method is being introduced in all our schools. This method seems to be the best "all round" one, as it keeps a child's individuality, while making the writing legible and rapid.

### *Remarks*

The Upper Street school room has been varnished, the seats changed to comply with the lighting plan required by the state and a new flag pole erected, but these bills came in too late to be reported upon this year.

The bills for "Orford Street Sanitary Improvements" were not all presented till the accounts were closed, so the final report will come next year.

Because of the severe cold weather and the deep snow, schools were much broken during the winter term, especially at East Orford, causing this school to close later than the others.

For this same reason the younger children were not able to attend school regularly, making many absent marks in the registers.
